Exploratory Analysis of Streaming Platform Content

Katrina Agate Shivani Athavale Laura Becerra Jake Daly Jinyu Zhao

Project Motivation

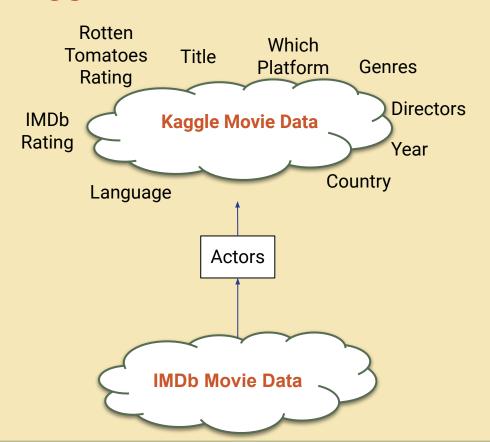

How do different movie and TV show streaming platforms differ from each other in their content?

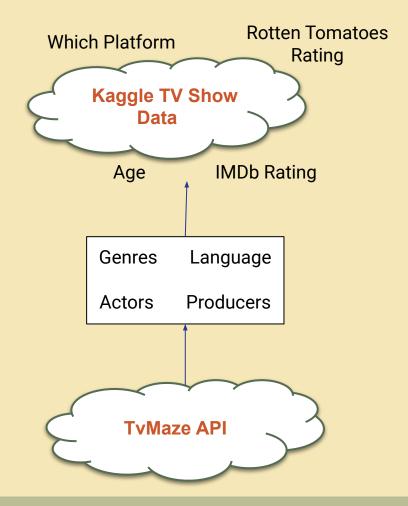

Project Motivation

Which platform would we recommend to someone?

Kaggle Datasets

Dataset Description: Movies

Kaggle dataset:

| Title | Year | Age | IMDB rating | Rotten Tomatoes rating | Netflix | Hulu | Prime Video | Disney+ |
|-----------|------|-----|----------------|------------------------|---------|------|----------------|---------|
| Inception | 2010 | 13+ | 8.8 | 87% | 1 | 0 | 0 | 0 |

| Directors | Genres | Country | Language | Runtime |
|-------------------|-------------------------------------|---------------|----------|---------|
| Christopher Nolan | Action, Adventure, Sci-Fi, Thriller | United States | English | 148 |

Extracted from IMDb Movie dataset:

Actors

Leonardo DiCaprio, Joseph Gordon-Levitt, Ellen Page, Ken Watanabe

Dataset Description: TV Shows

Kaggle dataset:

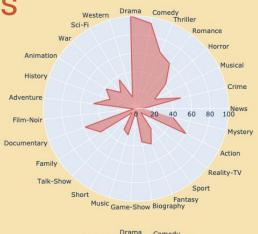

| Title | Year | Age | IMDB rating | Rotten Tomatoes rating | Netflix | Hulu | Prime Video | Disney+ |
|-----------------|------|-----|----------------|------------------------|---------|------|----------------|---------|
| Breaking Bad | 2008 | 18+ | 9.5 | 96% | 1 | 0 | 0 | 0 |

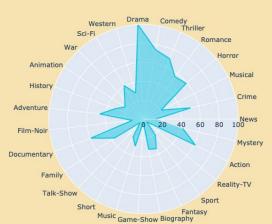

Extracted from TvMaze API:

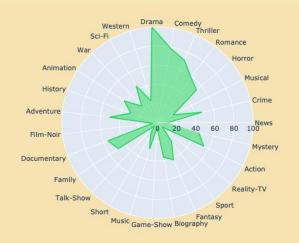

| Actors | Producers | Genres | Language |
|--|--|---------------------------|----------|
| Bryan Cranston, Aaron Paul,Laura Fraser | Thomas Schnauz, Michelle MacLaren, Melissa Bernstein | Drama, Crime, Thriller | English |

Recommendation Settings

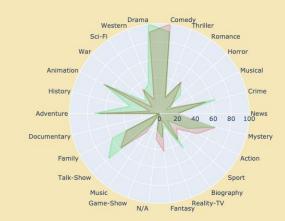

- How do we model the platforms?
- How do we model the users?
- How do we measure similarity?

Movie Genres

NETFLIX

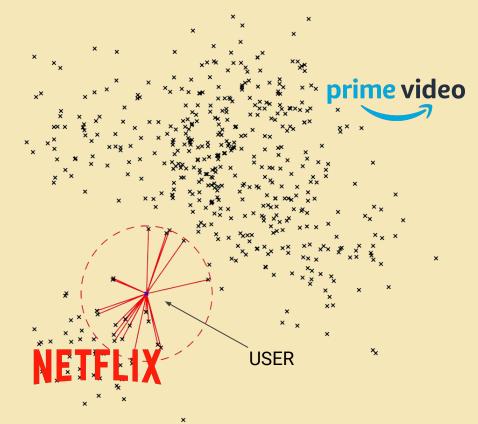

TV Show Genres

Our Approach

- Content-based show recommendation
 - TF-IDF statistics of their plot summary
 - Concatenate with one-hot vector encoding other features
- K nearest neighbor
 - Find closest cluster(platform) using cosine similarity

K Nearest Neighbor

Demo

A sample user who has watched

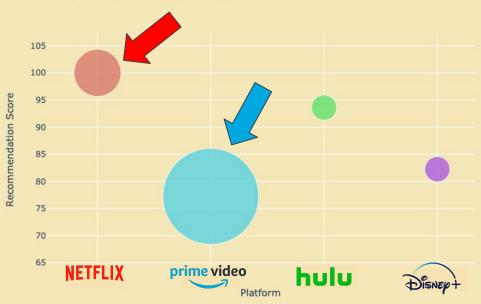

Inception, Avatar, Back to the Future and The Dark Knight

Streaming Platform Recommendation

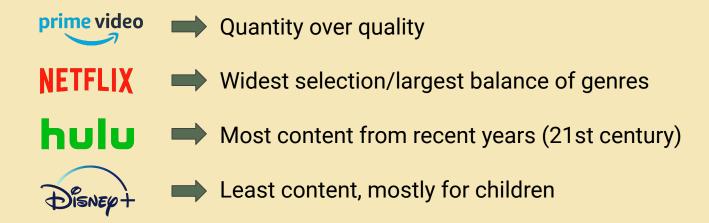

A closer look ...

Conclusions

Recommender System:

- Clustering algorithm and recommender system combined
- Potential direction for recommender system research

Thank you!
